Rules of the Game

How do you play Dominoes?

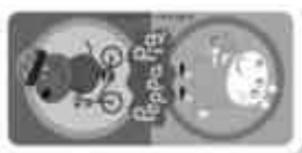

Shuffle the Dominoes and place them face down on the table. Each player takes five Dominoes. Place the remaining Dominoes in a stack. Make sure the table is big enough to lay out all the Dominoes during the game.

The youngest player with a Domino with exactly the same pictures on each end (a double) starts the game by placing their Domino in the centre of the table.

The turn then goes to the player on their left. Look at your Dominoes – do you have one with exactly the same picture on one end as the one on the table? If you have, you can put it down next to the one already laid, so that the matching pictures are next to each other. It is now the next player's turn.

If you don't have a matching Domino, you must take a Domino from the stack and add it to your other Dominoes. That is the end of your turn. The next player must now try to match one of their Dominoes onto either of the 'snake ends', or pick up a Domino from the stack if they have no matching Domino.

Please remember: You may only place one of your Dominoes, at either end of the 'snake', during your turn.

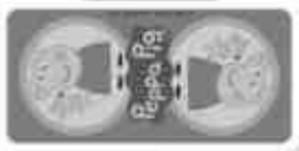

Turn a corner to add excitement to the game

Try to match one of your Dominoes
→

Start with a double Domino
←

Who wins?

The first player to have no more Dominoes is the winner!
