How do you play Memo?

Place all the Memo cards face down on the table. Shuffle the cards well and position them next to one another in neat rows.

The youngest player starts and turns one of the cards over. Make sure everyone can see clearly what's on the card. Do you know where the matching card is located on the table? Then turn it over as well.

Have you found the matching picture? Pick up both cards and place them in front of you on the table. You may continue your turn until you choose two cards that do not match.

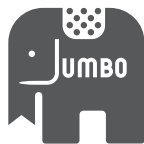

Are the pictures different? Check that everyone has seen the pictures, then turn them over so they are face down again. Make sure the cards stay in their original positions. The turn then goes to the player on your left. Continue playing until all the matching pairs have been found.

Who wins?

The player with the most matching pairs at the end of the game is the winner! If there are children with the same number of matching pairs at the end of the game, they're both winners!
