

Peppa Pig™

Peppa's Noisy Friends Game

Peppa's Noisy Friends Game

Peppa is a loveable, cheeky little piggy who lives with her little brother George, Mummy Pig and Daddy Pig. Peppa's favourite things include playing games, dressing up, days out and jumping in muddy puddles. Her adventures always end happily with loud snorts of laughter.

Contents:

4 x Headbands

4 x Character Faces (1 Peppa; 1 Danny; 1 Candy; 1 Suzy)

48 x Playing Cards

Object of the game:

Collect as many playing cards as you can. The player with the most cards at the end of the game wins!

Setting up:

Choose your character face and a coloured headband. Insert the ears into your headband and place it on your head, taking care to remember what Character face you are. Shuffle the cards and place them face down in a pile in the centre of the playing area.

Playing the game:

Starting with the youngest player, take turns to turn over the top card and place it face up next to the deck of cards. Each card features one character and two colours. If a card matches either your character face or the colour of your headband (e.g. you are Danny Dog with a green headband and you have turned over a card showing Danny and blue/yellow) then quickly make the sound related to the character on the card - **Woof, Woof** - before the players with the blue or yellow headbands do. The fastest player to shout out the correct sound wins the card and places it in front of them for counting at the end of the game. Remember, you must shout out the correct sound that matches the character on the card in that has been turned over. The character sounds are; Peppa 'Oink Oink', Candy Cat 'Miaow Miaow', Suzy Sheep 'Baaa, Baaa', Danny Dog 'Woof, Woof'. If there's a dispute over who was the fastest... Mum knows best! Or you must place that card back into the pack that is face down.

Winning the game:

Once all of the cards have been played, count up the cards in front of you (your winnings) and declare your points total to the other players. Each card is worth 1 point. The player with the most cards at the end of the game is the winner!
